Ambassadors can answer questions about the work of YOFOCHM and the constant need for funds, and they can suggest ways in which funds can be raised. And of course they run a number of fundraising events themselves, e.g. dinners / tea parties, the annual Fundraising youth Marathon day & Car wash activities. If you are interested in supporting YOFOCHM and enjoy speaking to small (or large) groups, or organising fundraising events, you may like to consider becoming an Ambassador.

ABOUT THE FOUNDER

Stephen Kapere, is an enterpreneur, a charity agent, media consultant, Youth Activist, Founder and President of Youth for charity missions international –A registered NGO in Uganda.

For less than 8 years now, he helps young people find their value in society. He is also a minister of the Gospel called in the office of evengestic and missionary work who has travelled in different parts of the world preaching and praying for the people.

His work is to mobilise committed young people and engage them into activities such as training them in leadership and talent development, donating to those in needy, carrying out community cleanliness, counselling and moral renewals among youths in schools.

His passion to restore hope unto young people & to change lives prompted him to pause his media studies at the Institute in 2008 to fully start the organisation which now has team members in Kenya, Burundi, USA, Nigeria, Tanzania & UK.

After several charity outreaches, he realised one of the biggest challenge youth faced was unemployment and poverty. He thus started a media company which trains young people in media and computer skills.

He supports & accommodates orphans in Kampala & Kamuli District. He also started Yofochm Radio that employs youths, which he also uses to impact lives of over 100 listeners in a day.
